

The Shaar Shalom Breakfast Club returns:

"Cancer from the inside out"

Please join Dr. Saul Offman, anatomical pathologist and Shaar member, who will present cancer from a unique microscopic perspective. Topics discussed will include what cancer really is and what causes it, how it develops on a cellular / molecular level, how it is diagnosed under the microscope, as well as discussion of various applicable themes and nomenclature.

Sunday December 3rd, 2017 10:00-11:45

Please RSVP via email (info@theshaar.ca) in order for us to better plan for numbers (of bagels!!).

There will be a donation basket at the door - \$5 is suggested, but this is totally voluntary.
